

Plastic Tubing Cutter

Poly Pipe, PVC Pipe Class 200

THREE BIG REASONS TO BUY

If you are a professional contractor, this is the tool you need!

➤ **REVERSIBLE BLADE** saves you money!

Just flip over to get new cutting edge. Reversible Blade means one extra replacement blade, which helps you when you need replacement at job site all of sudden. Simple to reverse!

➤ **STEEL HANDLE** lasts longer!

Aluminum Steel Handle sustains the long lasting best performance under rough use and heat. It's time to stop keep buying plastic handle cutters. Save you time and money!

➤ **SPRING LOADED** for quick action

Spring loaded handle provides you easy handling and operation, especially when using continuously True One Hand Operation!
