

MCC®

Tubing Cutters

The Best Cut Around

The smallest, most durable, innovative, yet precise tool for your tube cutting needs.

MCC[®] Tubing Cutters

Six individually installed stainless steel ball bearings provide you with an accurate and effortless cut.

The compact design of MCC Tubing Cutters gives you a shorter range of motion and greater maneuverability.

An Ergonomically Designed handle allows you to attain a comfortable, yet firm grip while you work.

MCC Tubing Cutters are designed specifically to make clean rotational cuts: weather you are cutting Copper Tubing or Stainless Steel Tubing with out the need to replace the cutting wheel.

Well-designed components provide longer lasting sustainability making the cutter highly economical.

Compact & lightweight design increases your productivity.

Ergonomically designed knob reduces stress on your hands substantially.

The heavy-duty cutting wheel with a bearing inside maximizes the durability of the cutting

| Model No. | Cutting Capacity | Nominal Size Capacity [C.T.S] | Stainless Tubing Cut | Case Qty. Pcs. | Case Weight Lbs. | Replacement Wheel |
|-----------|------------------|-------------------------------|----------------------|----------------|------------------|-------------------|
| TC-28 | ~1.125 | 1" | Yes | 6 | 2.5 | TCE-32 |
| TC-32 | ~1.375 | 1 1/4" | Yes | 2 | 2 | |
| TC-42 | ~1.654 | 1 1/2" | Yes | 2 | 2.5 | |
